

The Association of European Vehicle Logistics

# Health & Safety Working Group

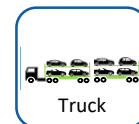

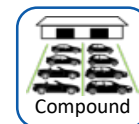

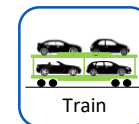

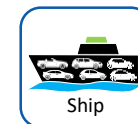

Mike Sturgeon

# H&S WG

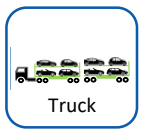

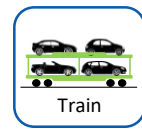

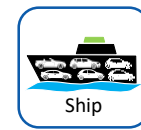

- Health and Safety WG was kicked off in 2018
- Co-chaired by Steve Thomas (Toyota Motor Europe) and Jan van Assen (Koopman Logistics)
- Currently working on creating common minimum standards related to health and safety issues
- Very active and quickly progressing

# H&S WG - Structure

Teams	Incident Reporting	Loading Method	Load Preparation	Audit & Governance	Breakthrough
Leaders	Renault	GEFCO	Adampol	2019	Hödlmayr
Objectives	Online Incident Report form to develop industry Grasp of Safety issues	Booklet on standards for loading method issues	Create a toolbox for load preparation including minimum yard requirements	2019 Create a common audit & governance process for LSPs & OEMs based on developed standards	Develop structural improvements (truck or yard) to step-up for safety

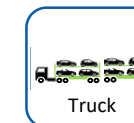

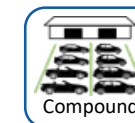

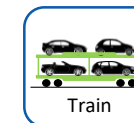

# H&S WG - Members

Current Teams	Incident Report		Loading Method		Load Preparation		Audit & Governance	Breakthrough
