Quality Working Group

- Ongoing responsibility = updating the ECG Operations Quality Manual (OQM)
- 3 meetings per year
 - Face-to-face meetings usually – in current circumstances per webinar
 - Last webinar: 24 March 2020
 - Next webinar: 9 July 2020
 - Face-to-face meeting planned for the end of the year

Quality Working Group

Recent developments:

Operations Quality Manual for High & Heavy Vehicles

VERSION 2, JANUARY 2020

- OQM
 - version 8 published in January 2020
 - Translated into 10 languages
- OQM H&H
 - version 2 published in January 2020
 - Translated into 3 languages (1 ongoing)

Operations Quality Manual

VERSION 8, JANUARY 2020

Quality Working Group

Future Priorities:

- Re-engage with VDA re. OQM in order to have 'industry standards'
- Increase OEM involvement
- Continuing focus on Electric/Alternative Fuel Vehicles
